CNY Repentance & Blessing Events:

"Repent ignorant past. Embrace purified self"

Hosted by **Sacramento True Buddha Temple**
Conducted by **Master Lianchi, Master Liantai**

Jan 12~14, 2018

Reviewing 2017, the unstable world has caused many of us to lose our peace and our sense of spiritual calm. As predicted by Guatama Buddha, once we enter into the End Time of pure Dharma, the world is full of illusion and chaotic days and nights. The living beings will be lack of morality and ethic principles. The karmic law originated with the coming of humans out of God. Therefore, while conducting the recent event, Grand Master Lu encouraged all the TBS members as well as all the living beings to rescue those who are being led away to the wrong path. As Chinese New Year is just around the corner, STBT will be hosting the "Repentance" event to bid farewell to the past and the "Blessing" event to embrace a path of purification. Please join us at these auspicious events..
